

Raising The Bar For Integrated Payments

With CardConnect's BluePay Gateway + NetFORUM Pro, you have access to an integrated payment solution that provides the additional features below with no extra cost to you!

EASILY SAVE CREDIT CARD INFORMATION

Your members can securely save their credit card information for future online transactions, saving them time and increasing the number of completed sales. Transactions can also be managed with detailed reports for greater efficiency and cost savings.

ACCOUNT UPDATER

User payment information is automatically updated to greatly reduce the number of authorization declines you see, saving you money and saving your customer's time.

NO ADDITIONAL FEES

You won't end up paying any more for these additional features. In fact, in many cases you can save money. The average savings for NetFORUM Pro customers is 10-30%!

24/7 STREAMLINED SUPPORT

Do you find yourself asking if you should be calling your gateway provider or your payment processor? We combine the two, creating an easy support process that's always available!

IMPROVED SECURITY

With security features like point-to-point encryption and tokenization, your members will have peace of mind with each transaction!

SIGNING UP IS SIMPLE AND EASY

Signing up is easy with simple applications that mean you're less than 48 hours away from being able to process payments.
